

Oxford Medicine Online

Supporting every stage of a medical career

oxfordmedicine.com

Available via Subscription or Perpetual Access

Oxford Medicine Online is a collection of online medical resources which cover every stage in a medical career, with world-renowned titles in over 85 speciality and sub-speciality areas. Medical professionals will instantly recognise many of the series and titles we publish, from the *Oxford Handbook of Clinical Medicine* to titles from the Mayo Clinic Scientific Press.

While obesity is frequently considered a “modern” disease, artefacts representing subjects with excess body fat have actually been found dating from the Palaeolithic age.

THE COLLECTION

- **Over 500 cross-searchable titles**
- **Exclusive online only content** - videos, downloadable images, and self-testing functionality
- **New titles** added throughout the year
- World-renowned content **accessible anywhere** - from the library to the bedside
